Station Hospet, , *Dated the* 14th February 1931.

From (Name) Dr. R. Nagan Gowda Ph.D.,

(Designation) Chairman, Municipal Council,

Hospet.

To The Secretary to the Government of Madras,

Local Self Government Department.

Sir,

In reply to Government's memo No. 1784-1-Dii P.H. dated 17-1-31 I have the honour to state that a provision of Rs 300/- has been made in the budget for 1931-32 for purchasing sites for erection of Infectious disease shed . Other allotments will be made as funds permit.

I have the honour to be,

Sir,

Your most obedient servant,

Vice Chairman, M.C.

Q. 44. 2. 31

Subject

Re Dr. Mrs Local Govt. & Mul. Combination

of Infective disease Sheds Hospet

Please see portion "A" on p7 of Co. no 312 0/16

Q. 2. 28. & para 16 of the Recommendations of

the Dietrich Committee on p8. there of. The

D.P.H. reported that there ought to be

a permanent isolation hospital at Hospet and

provision should be made for 12 beds. The data

regarding the requirements for this hospital

will be found on pp. 3-4 of Co. no 2369/16

(C) of 28.9.29. Attention is invited to the S.H.'s

Ibid remarks in para 3 of his letter on p6 there of.

A perusal of the Correspondence & notes on pp1-4 of

(J) Co. no 767/16 of 1.4.30 is solicited. The C.m.c.

Hospet now reports that Rs 300 has been provided in

the budget for 1931-32 for purchasing sites

for the erection of Infective disease Sheds & that

other allotments will be made as funds permit.

It was suggested by the D.P.H. & agreed to by

the S.H. Mrs the Combination of a permanent

isolation hospital with twelve beds. From portion

it will be

Hosp. Local Fund Hospet is one of the places where arrangements for the isolation and treatment of Cholera Cases are urgently required. The Council has now provided Rs 300 for purchasing Bits for the Construction of Infectious Disease Shed. It is not clear what the Council propose to construct viz whether a permanent isolation hospital or some Kutcha Shed, & whether the Bits purchased will be suitable for an isolation hospital.

~~The Council's progress in this matter is very slow; the Director of Public Health Madras but it is not clear how it can be asked to do anything more. Health and the Inspector General of Civil Hospitals may be Consulted too.~~ If it does not the funds required from Hosp. 4.3.31 The D.P.H. & the S.G. may perhaps be consulted in

DIRECTOR OF PUBLIC HEALTH 10 MAR 1931 654 DH MADRAS

Office of the Director of
Public Health, Camp, Ooty.
24th April 1931.

No. 654-2P.H.

As the Chairman, Municipal Council, Hospet says the Council have no funds for providing an infectious diseases hospital as recommended and he has provided only Rs. 300/- for the site for a shed, I do not think it would be worth while trying to force the Council to do more. But an infectious diseases hospital (10 beds) is an essential need at Hospet in virtue of its being an important festival centre. In these circumstances, I consider that the best plan would be for the Govt. itself to undertake the construction and maintenance of the hospital. The most suitable arrangement in

7486-1811 9.3.31

this case, is to provide the new wards in the premises of the Govt. hospital and to staff them permanently from the Government hospital staff making such additions as may be necessary. The municipality may be required to make a reasonable contribution towards the recurrent charges. I consider that the Government should bear the capital cost and be responsible for the maintenance of this hospital, because, the hospital will not merely serve the needs of the local municipality, but is really intended to safeguard other more distant parts of the Presidency to which pilgrims return after the festival... The hospital therefore will really serve a provincial need rather than a local need and this should be a proper charge on provincial funds. Further, I think in such cases it is better that the Govt. assume the responsibilities which are now laid on the municipal councils and other local bodies, both for efficiency of management, continuity of policy, uniformity and certainty of maintaining a high standard which is essential for the proper working of such hospitals. Thus except for cases of smallpox and chickenpox, it is my opinion that all other infectious diseases should be provided for and treated in Govt. institutions.

To

Secy. L.S.G. through S.G.(U.O.)

Office of the Surgeon-General with the Government of Madras, Camp, Ootacamund, 3rd May 1931

G0632 - H.

My opinion on the most suitable administration of infectious diseases hospitals in Municipalities is given in my letter No.252 H dated March 6th 1931.

C.no 9064/31 on 26/3

I agree therefore with the Director of Public Health that in Hospet a ward for infectious diseases, excluding smallpox and chickenpox may be

erected

in the compound of the Government Hospital. Cheap or temporary structures for the accommodation of cases of smallpox and chickenpox should be erected by the Municipality in some remote spot and managed entirely by them.

(k)

The general question referred to above has since been disposed of in G.O. No 1486 DR dt 18-8-31. The ~~question referred~~ S.G.'s proposal disposed of is that order was that the Govt should surrender the responsibility of Treating all Cases of infectious diseases other than small pox and chickenpox in places where there are Govt hospitals. As the proposal was likely to result in ~~above recommendation, if accepted, would lead~~ * additional recurring & non-recurring expenditure from provincial funds, it was not considered

in view of the present financial emergency. The responsibility for the addl. provision for the treatment of all infectious diseases at the Civil Hospital at Hoopet thereto rests on the Municipal Council.

2. The Council is apparently not in a position now to provide a twelve bed hospital (as recommended in Pg 29). It has made a beginning by providing Rs. 300 in its budget for this year for the purchase of sites for the erection of an Infectious Diseases shed, and the Chairman has stated that other allotments will be made as funds permit. In view of this, no further action seems called for now in the matter. Perhaps the papers may be recorded, the Chairman being asked at the same time to report in April next the progress made in the matter of the provision of an infectious diseases shed.

For orders.

Va. 3/10/31

Very little if any progress can be expected in the present state of financial affairs.

hastily but almost as read as in Commercial Suit.
